

# SKETCH YOUR WAY TO SCHOOL!

Express your creativity and show us your great ideas for how to make the streets around your school safer and more fun to walk, bike, and roll on!

The Triangle Region's Safe Routes to School Program will be accepting original pieces of artwork and drawings from K-8 students in Wake, Durham, Chatham, Orange, Johnston, Moore, and Lee counties that displays their unique vision and dreams for the future of their routes to school.

## We encourage students to:

- Be as creative as possible and design the route to their schools that they would like to see become a reality.
- Think about walking, biking, and rolling when creating their designs.
- Reflect their own communities, culture and the neighborhoods they live in (submissions can be made in any language).

Please submit by emailing a picture or scan of the artwork to [reldridge@tjcg.org](mailto:reldridge@tjcg.org) by **April 1st, 2022** (No larger than 5 MB).

- Please include the students' first name, school and grade level on the back of the artwork.

Winners will be announced on Earth Day (April 22nd, 2022) and students with the most unique, creative, and talented drawings will be selected to receive **PRIZES** and have their artwork featured in our promotion!
